FOR IMMEDIATE RELEASE
April 22, 2008

Media Advisory

The agenda for the April 23, 2008 meeting of the Rules, Open Government and Intergovernmental Relations Committee of the San Diego City Council has two informational items:

- A report from the Chief Financial Officer and the City Comptroller regarding implementing an Enterprise Resource Planning (ERP) called OneSD Project. This project replaces multiple, major finance, human resources and procurement software systems and integrates them into one consolidated system to provide greater flexibility and productivity. It will also promote the more effective and efficient management of the City's finances and greatly assist in the preparation of timely and accurate Comprehensive Annual Financial Reports (CAFR). The implementation process began in October 2007 and is planned to be accomplished in phases.
- An updated report from the San Diego County Regional Airport Authority about the San Diego International Airport including the Airport Master Plan and operations, regional collaboration and future planning.

Note the time change: The Rules Committee will meet tomorrow, Wednesday, April 23, 2008 at 10:00 a.m. The Rules, Open Government, and Intergovernmental Relations Committee meets one to two Wednesdays per month in the City Council Committee Room, 12th Floor, City Administration Building located at 202 C Street in downtown San Diego.
